Time for Back-to-School

Turtle Facts

(https://www.flickr.com/photos/frank_am_main/5737004623/)

Sea turtles have roamed the Earth's oceans for the last 110 million years. An important link to marine ecosystems, such as coral reefs and seagrass beds, some sea turtles also eat large numbers of jellyfish.

Fun Facts About Schools Around The World

1. The primary school is Phumachangtang, Tibet, is thought to be the highest school in the world.

5,373 meters above sea level, it is higher than Mount Everest in the West.

2. The King's School in Canterbury, England is the world's oldest school.

Founded in 597 AD, however, the school is up-to-date with quality equipment and supplies and provides modern education.

3. A school in the Philippines is made entirely of recycled pop bottles.

9,000 bottles and dozens of volunteers to build the structure. Each bottle was filled with sand, water and straw to keep them sturdy. Then, a cement-like substance was used to hold the bottles in place.

Pet of the Month

Savannah

Savannah is a registered Pomsky (half Husky and half Pomeranian). She was born in Arkansas on April 1st. Even though she is a Nebraska Husker at heart, she still needed a good Southern name. She is very playful, loves kids and animals. Savannah and her owner are both happy to be living in Branson and to be part of the Turtle Creek Community.
