Turtle Facts

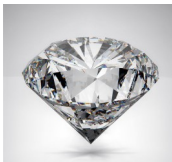

Antarctica is the only continent turtles don't live on. Most of the species are found in southeastern America and South Asia, they can still be found in other parts of the world. Sea turtles can sometimes end up in the European Arctic, but you won't find any in Antarctica.

Pet of the Month

Astrid

Hello! My name is Astrid. I was adopted in February! When I'm not napping, I enjoy playing with toys, running & jumping around, playing hide and go seek, and watching my mom work around the apartment! I'm a pretty simple cat. I just need food, water, and a whole lot of snuggles!

We want your photos, pet pictures & recipes! Send to hollie@turtlecreekbranson.com
